The camera can be placed practically anywhere - on the screen, notebook, a tripod or the desk. The practical clip for mounting the camera allows an uncomplicated installation within a very short time. No installation of additional software or drivers is necessary, as the webcam works with Plug & Play. The camera's integrated USB cable (1.5m) simply has to be plugged into the notebook or computer and the webcam is ready to start within a few seconds. Lens cover for privacy protection. The webcam also has a wide software compatibility, for example Skype, Zoom, Facetime, Facebook, YouTube, PotPlayer and more. Compatible with Mac, Windows and other devices supported by USB-A
